to your Pharmacy Benefits

2027 AffirmedRx Choice Drug List

AffirmedRx

PUBLIC BENEFIT CORPORATION

The AffirmedRx Choice Drug List (also known as a formulary) is a list of covered medications. Unless specifically noted, drug list products will include all dosage forms. Your plan will generally cover these medications if the drug is medically necessary and other plan rules are followed. This list can change throughout the year. New medications can be added, or medications can be removed. Medications will be removed if the Food and Drug Administration (FDA) or the drug's manufacturer deems it unsafe. Medications may also be removed when a lower-cost generic with the same active ingredient is added. Other changes may occur based on new clinical guidelines.

Your specific plan may not cover certain products or categories, regardless of their appearance in this document. Reference your benefit documentation for full coverage details.

Medications are grouped into one of four tiers:

Tier 1

Low-cost generic drugs

Generic drugs have the same active ingredients as brand drugs and are prescribed for the same reasons. The Food and Drug Administration (FDA) requires generics to be safe and work the same as brand drugs. Generic drugs often cost much less.

Tier 2

Higher-cost generic and preferred brand drugs

Tier 3

High-cost, mostly brand drugs

These drugs may have generic or brand alternatives in Tier 1 or 2

Tier 4

Highest-cost, mostly specialty drugs

Medications may have additional requirements or limits on coverage:

Prior authorization (PA)

Some medications need approval before being covered by your plan. Your doctor will need to submit information for approval to make sure the medication is being used and covered correctly for your medical condition.

Step therapy (ST)

There is often more than one medication that works to treat a health condition, and costs can vary. Before a prescription is filled for a drug that costs more, you may be asked to try at least one lower-cost medication first. If you have already tried other medications or your doctor thinks they are not right for you, your doctor can submit a request for approval.

Quantity limits (QL)

There may be a limit on how much you can get of certain medications at one time. These limits help prevent misuse and are in place to ensure safe and effective use. If your doctor thinks the limit is not right for your situation, they can submit a request for approval of the additional amount.

Specialty

Specialty medications are used to treat complex or rare conditions such as hemophilia, cancer, multiple sclerosis, hepatitis C and others. They often require special handling and are high cost.

(SP) To help reduce waste, each fill of these medications is limited to a 30-day supply.

(SPP) These medications must be filled at a designated specialty pharmacy equipped for special handling and trained to help educate patients on these medications.

Affordable Care Act (ACA)

Eligible benefit plans include \$0 coverage for these drugs in accordance with the Affordable Care Act. Please reference your benefit materials for full coverage details.

What if my medication is not on the list?

1. Check this list for covered medications in the same drug class or call Customer Care for help identifying alternatives.
2. You or your doctor can request a coverage exception.

Your doctor can visit paforms.com/affirmedrx/ to obtain forms for approvals and exceptions or to submit a request electronically. Submit completed forms by fax to 833-347-0611.

Requests will be reviewed and our decision communicated within 24-72 hours after the request is received from your doctor.

For more detailed information about your plan's prescription medication coverage, please review your Certificate of Coverage/Insurance or Summary Plan Description/Policy of Insurance.

If you have questions about your coverage, please call AffirmedRx Customer Care at 888-460-1579, TTY 711, 24 hours a day, 7 days a week.

This medication list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. Your specific plan may not cover certain products or categories, regardless of their appearance in this document. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of the drug's manufacturer. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable. The information contained in this document is proprietary and may not be copied in whole or in part without written permission.

Lowercase = generic

Uppercase BOLD = brand name

Effective 01/01/2027

Label Name	Tier	Requirements/Limits
*5-HT3 Receptor Antagonists**		
<i>ondansetron</i>	1	
<i>ondansetron hcl +rfid</i>	1	
<i>ondansetron hcl solution injection 4 mg/2ml</i>	1	QL
<i>ondansetron hcl solution injection 40 mg/20ml</i>	1	
<i>ondansetron hcl solution oral 4 mg/5ml</i>	2	QL
