

AffirmedRx Plus

Mark Cuban Cost Plus Drug Company (MCCP) & AffirmedRx: Frequently Asked Questions or FAQs for Members

1. What is Mark Cuban Cost Plus Drug Company (MCCP) and what is AffirmedRx, PBC?

Mark Cuban Cost Plus Drug company is a pharmacy that offers mail order delivery of *generic* medications. AffirmedRx connects you with access to MCCP through your employer.

2. What is the value of this product for me as an employee?

Lower cost and convenience for *generic* prescriptions

3. How many drugs are available through MCCP?

As of January 2024, there are over 2,000 prescriptions available on the MCCP website, with additional medications being added frequently. There are branded prescriptions available; however, you only have access to *generic* prescriptions through your employer plan.

If you see "cash price" in your cart during the checkout process, the prescription may not be available as part of your employer's offering.

4. How do MCCP and AffirmedRx work with my current prescription benefit coverage?

Your current prescription benefit coverage will not be impacted and will not change. This is a supplemental product offering that is another option that could save you and your employer money and is not a replacement for your current pharmacy benefit (PBM) service.

5. Can I use my own pharmacy?

For this specific product, MCCP is the sole pharmacy and will deliver *generic* prescriptions to members by mail.

6. Is this only for one-time medication use or can this be used for a member's maintenance medications?

All *generic* medications on the MCCP website are eligible. Find more information here: <https://costplusdrugs.com/medications/> (medication list and costs are updated frequently)

7. How does my doctor get my prescription to MCCP?

Your doctor will send your electronic prescription to MCCP.

NCPDP ID# 3689568

RX BIN - 026282

RX PCN - RXAF

Benefit Group - ARX2

8. What happens if my doctor doesn't include my email address on the prescription sent to MCCP?

The member/patient's email address needs to be included on the electronic prescription sent by your doctor. If your electronic medical record (EMR) does not have a field for email, you can include it in a note on the EMR.

If for some reason your email address is not sent, MCCP will attempt to match information on the EMR with your registered account information.

9. What if my dependent is under the age of 18?

Currently, employees and/or dependents under the age of 18 are not eligible for this program.

Once the dependent becomes 18, they will be able to create a profile on the Cost Plus website and order *generic* medications.

10. Can I share my member or Cardholder ID with my friends and family?

No, only you and your eligible, covered dependents or family members will be able to use your Cardholder ID.

11. Do I have to create a separate account for each member of my family?

Yes, although the Cardholder ID will remain the same for your family members, each adult creating an account on the Cost Plus website will need a separate account.

12. In my member guide, it told me to input health information, but I do not have the option to do this in my account registration.

If it does not prompt for health conditions, you do not have to worry about entering this information.

13. Can I purchase branded medications on the Cost Plus website?

Only *generic* medications are available for purchase through your employer's offering.

You are welcome to purchase branded medications, but they will be at a cash price.

14. What price will I pay for my prescription?

When you search for your medication, you will see an estimated cost. Your medication cost will be updated with your actual cost after the prescription is sent by your doctor. This final cost will take into account any cost covered by your employer.

For more information or additional questions, please contact your Benefit Department.
